This itinerary also presents a unique opportunity to dine with locals and unwind at the Rural Homestay in Tan Hoa, setting the stage for exploring Tu Lan's untamed beauty - once a backdrop for the cinematic marvel, Kong: Skull Island. Echoing director Jordan Vogt-Roberts' sentiment, "The world will see how beautiful Tu Lan is, they will come, experience and love Tu Lan as I did," this tour beckons you to discover a world beyond imagination.

Participants of the Oxalis' Hang Tien-Tu Lan Discovery tour can look forward to the following experiences:

Itinerary

The Hang Tien-Tu Lan Tour schedule is subject to change due to weather conditions. When it rains, the path can be pretty muddy and slippery.

DAY 1

Day 1: Safety briefing - Secret Cave - Hung Ton Cave - To Mo Valley - Rural Homestay

Between 07:00 and 07:30 in the morning, our guide and driver will pick you up at your hotel in the Phong Nha area and transfer you to the Oxalis Tan Hoa office (70 km from Phong Nha). At the office, you will attend a safety briefing, sign the release form, and receive all necessary safety equipment.

After getting fully prepared, the group will trek across lush cornfields and green grasslands towards the Rao Nan River. After crossing the river, you will trek up a hill to reach the entrance of Secret Cave. Here, you will be provided with helmets, headlamps, and the necessary safety equipment before beginning your exploration of this remarkable cave.

Secret Cave is a small cave featuring uniquely shaped stalactites discovered by local porters. To protect these delicate formations, especially the intricate cave pearls on the cave floor, visitors must follow the route marked with ropes throughout the exploration.

Leaving Secret Cave, the journey continues through the valley to Hung Ton Cave. Here, the guide will help you put on a safety harness before descending a 15 m ladder inside the cave. The cave also reveals clues about the formation of the Tu Lan Cave System, including millions-of-years-old marine shell fossils embedded in the cave walls.

The group will then head to the river passage, where you will put on a life jacket and check your personal belongings. You will swim through the underground river, using specialized lights to explore the mysterious cave interior. At the end of the cave, To Mo Valley comes into view with its peaceful, scenic landscape. The valley was also chosen as a filming location for The Immortal. Here, you will enjoy lunch before swimming and relaxing by the stream.

After resting and regaining your energy, the group will continue across the valley and green fields before returning to the Oxalis Tan Hoa office. You will then check in at Rural Homestay to shower and rest.

At around 18:00, the guide will pick up the group from Rural Homestay and take you to a local home for dinner. This is an opportunity to enjoy traditional home-cooked dishes while chatting with local residents and learning more about their daily lives. After dinner, the group will return to the homestay for the night.

DAY 2

Day 2: Tan Hoa - Hang Tien - Departure

In the early morning, you will enjoy breakfast prepared by the chefs at Tu Lan Lodge. After check-out, a short briefing, and luggage arrangements, the group will depart for Tuyen Hoa to begin the Hang Tien exploration.

The journey starts with a climb over a hill, leading deep into the forest. You will trek through untouched jungle and cross rocky terrain before descending into a valley. Following a trail toward the west, large rock formations will appear along the way. After passing this challenging section, you will reach the cave entrance, where a stunning landscape unfolds. A light snack will be provided before entering the cave.

Inside Hang Tien, part of the Tu Lan cave system, a vast space opens up with layered calcite formations resembling terraced fields, covered in natural greenery. Looking up, you will see a massive dome and unique striped patterns along the cave walls. As you go deeper, more impressive and mysterious formations will appear. To reach the rear entrance of the cave, visitors will be equipped with safety harnesses and climb a ladder approximately 10 meters high. Here, the group can take a short break before returning to the main cave entrance to enjoy a prepared lunch.

After lunch, the group will continue over large rock formations to reach a natural pool in the forest. Here, you can swim freely and take photos.

To conclude the journey, the group will walk along the scenic Rao Nan River back to the main road, where the vehicle will be waiting to transfer you to the Oxalis Tan Hoa office. You can shower and refresh here before the bus takes you back to Phong Nha at around 19:30 and 20:00.

Suggested itinerary before and after the tour:
To ensure the best preparation before your journey or to relax after the expedition, Oxalis suggests staying at Chay Lap Farmstay if you wish to combine exploring Phong Nha with experiencing a peaceful countryside atmosphere, or Blue Diamond Retreat if you prefer to immerse yourself in nature and enjoy relaxing moments amidst the mountains and forests. Special discounted rates exclusively for Oxalis guests are 1,100,000 VND/room/night at Chay Lap Farmstay and 1,600,000 VND/room/night at Blue Diamond Retreat.

During your time in Phong Nha, the Phong Nha Caves Exploration Museum (open daily from 8:00 AM to 5:30 PM, free admission) is a must-visit destination. Here, you can experience the Son Doong 5D VR technology for 500,000 VND per ticket. All proceeds from this activity are contributed to the Oxalis Foundation to support local community projects, making your journey even more meaningful.
